WASA ACCESSORIES

WASA PROTECT

This release agent prevents adhered concrete and extends the expected lifespan of your production boards. Our biodegradable concentrate is delivered in containers and can be used for virtually all board types.

Ideally suited for:

WASA UNIPLAST®

WASA WOODPLAST®

WASA SOFTWOOD

WASA ATOMIZER

The pre-assembled and pre-wired delivery of our spray bar allows quick and easy installation, while requiring very little space. State-of-the-art technology guarantees even spraying application without any overspraying.

Design: Spraying unit for applying board care and release agents – pre-assembled and ready to use. Nozzles can be replaced without any tools.

Contains: Double diaphragm pump, water rinsing device, spray bar, spray nozzles and control unit.
